PROFESSIONAL SUMMARY

A motivated B.E. Computer Science and Engineering student with a strong interest in the IT field, focusing on programming, problem-solving, and technology-driven solutions. Eager to apply academic knowledge and self-learned IT skills to real-world projects .

EDUCATION

JJ College of Engineering and Technology

Tiruchirappalli

Bachelor of Engineering in Computer Science Engineering

2023-2027

CGPA - 7.84/10 (upto 5th semester)

St.Antony's Higher Secondary School

Manapparai

Higher Secondary Education

2021-2023

12th Percentage - 82%

PROJECTS

- **Jewellery Shop Billing System – Java Project** Developed a console-based Jewellery Shop Billing System using Java to manage billing, customer purchases, and invoice generation efficiently. Implemented core Java concepts such as Object-Oriented Programming, collections, and exception handling to ensure smooth and accurate operations.
- **Smart Attendance System - Web Application** Developed a responsive Smart Attendance System using HTML, CSS, and JavaScript to manage and track student attendance efficiently. Implemented user input handling, attendance percentage calculation, progress indicators, and shortage alerts for better monitoring and usability

TECHNICAL SKILLS

- Programming Languages: Java
- Tools & Platforms: VS Code, GitHub
- Core Concepts: Basic Data Structures & Algorithms

CERTIFICATIONS

- Claude AI Fundamentals Certificate – Successfully completed a Claude AI Fundamentals course covering AI communication, content creation, productivity tools, and practical usage of Claude AI for everyday tasks and learning.
- Claude Code 101 Certificate – Completed an introductory course on AI-Assisted coding concepts, development workflows, and productivity using Claude AI tools.

SOFT SKILLS

- Leadership
- Teamwork
- Communication
- Innovation
